**3. Identification of possible needs for the respective region**

- Describe shortly the major needs:

**Describe shortly:**

Variety of NGVs (different models) are too less  
Tax assurance for natural gas and bio-methan  
Political statement (EU, Austrian and regional government) to force natural gas and bio-methan as alternative fuel

**4. Identification of vehicle service stations and car dealers**

***Count and list shortly:***

Each car dealer in the surrounding of an natural gas filling station who has NGVs in its portfolio (Citroen, Fiat, Ford, IVECO, Mercedes, Opel, Peugeot, Volkswagen) are from interest.  
List of identified companies see attached.

**5. Identify decision makers and opinion leaders within the region**

***List shortly:***

Decision makers within the important fleeds are identified (see 1).  
Until now an opinion leader in the region is not identified

**6. What else is necessary to reach the planned gas vehicle expansion in your region?**

***Describe shortly:***

Too less support from regional car dealers and car importer - NGVs are playing a minor roll in their business at the moment  
A political statement pro natural gas and bio-methan is absolutely necessary

**7. Any other general remarks/comments/information from your side?**

***Feel free to add what you think is important and might not fit into the above questions:***
