MADEGASCAR 

Del. 5.2.1-5.2.12

Partner Nr.: LEI (9)

Country: Lithuania

Region: Vilnius/Kaunas/Klaipeda

Are there existing filling stations and CNG cars already in the country: YES

Regional study for gas vehicles and gas cars expansion in each region (D.5.2.1 – 5.2.12)

Remember: In Del. 2.2 as well as in Del. 2.7 you have been asked about your vehicle expansion plans in general. In 5.1 you have been asked about your general cooperation partners and dissemination channels. Now you have to elaborate the questions more detailed working together with concrete networks and partners to achieve your vehicle expansion goal.

1. Expansion plans

- General identification of each fleet (> 5 vehicles) operating in the regional context

List your identified fleets shortly:

In Vilnius municipality public transport fleet are 50 buses for CNG;
According information of private CNG filling station "Luktarna" in this station are filling CNG about 17 private cars;
JSC "Autoideja" has two NG cars;
JSC "SG dujos" has two NG cars;
In Klaipeda municipality public transport fleet are 15 buses for CNG (two of them are workable);

2. Identification of regional network or partners which could be interested

- List partners and cooperation area:
E.g. Gas company which builds filling stations

List your partners and networks shortly:

- Vilnius, Kaunas, Klaipeda municipalities;
- AB "Lietuvos dujos" - main NG supplier;
- JSC "Autoideja" and "SG dujos" private companies;
- Biogas association;
- Lithuanian Energy Institute.

3. Identification of possible needs for the respective region

- Describe shortly the major needs:

Describe shortly:

Financial support for installer of CNG filling station;
Excise duty free for CNG during at least 3-5 years;
Tax concession for NGV bying, parking;
Part-exchange for CNG fuels.

4. Identification of vehicle service stations and car dealers

Count and list shortly:

In Lithuania there are no service station for NGV's

5. Identify decision makers and opinion leaders within the region

List shortly:

The public transport department of each municipalities must be decision makers;
Ministry of Environment must be opinion leader within the region.

6. What else is necessary to reach the planned gas vehicle expansion in your region?

Describe shortly:

More favourable point of view of Government of Lithuania

7. Any other general remarks/comments/information from your side?

Feel free to add what you think is important and might not fit into the above questions:
